City ordinance 27 ½ - 47: Any person who disagrees with the calculation of the stormwater user fee, as provided in this ordinance, or who seeks a stormwater user fee adjustment based upon stormwater management practices, may appeal such fee determination to the stormwater utility within 30 days from the date of the last bill containing stormwater user fee charges. Any appeal must be filed, and will be decided in accordance with the Credit and Appeal Policy.

Credit and Appeal Policy: Non-single family residential property owners who disagree with the adjustment proposed by the City, based on determination of the impervious area of a property, may appeal such determination to the Director of the MWSD. Non-single family residential property owners who disagree with a credit determination by the City may also appeal to the Director of the MWSD. All disagreements and accompanying rationale shall be submitted in writing. The Director of the MWSD or designee will conduct a review of the appeal request and provide a written response within ten (10) working days. All decisions by the Director will be in writing and sent to the billing address of the non-single family residential property owner. A decision by the Director of the MWSD may be further appealed to the Murfreesboro Water & Sewer Board, provided a written appeal is filed by noon no less than ten (10) business days prior to the next scheduled Board meeting. The written request shall state the specific reasons the decision of the Director is alleged to be in error.
