## **Murfreesboro police announces new interactive webpage**

**MURFREESBORO, Tenn.** – The Murfreesboro Police Department is pleased to announce the launch of a new and enhanced webpage. The webpage features a modern design, easy to use navigation, and offers tools to make it easier to find police-related resources online.

“The new webpage is designed with residents in mind,” said Police Chief Michael Bowen. “As we continue to advance community policing, the webpage provides better access and interactive experience for users.”

Public Information Officer Larry Flowers led a five-month webpage re-design with CivicPlus, the leading government website provider. The webpage has a cleaner look and better layout to help citizens navigate with ease and accessed by visiting [www.murfreesborotn.gov/Police](http://www.murfreesborotn.gov/Police).

The new webpage allows Murfreesboro Police to increase its transparency, community engagement, and enhance communication between residents, the media, and the department.

Community members will find the following interactive tools on the website:

- Alert Center (For Crime Alerts, Amber Alerts, Silver Alerts, Severe Weather Alerts)
- Non-emergency online report filing
- Purchase online crash reports
- Community engagement resources
- Crime prevention resources
- Crime Mapping
- Departmental history
- Latest police department news
- Social media connections
- Events calendar

The police department webpage launched in conjunction with the City of Murfreesboro website re-design Aug. 19, 2020. You can visit the City’s website at [www.murfreesborotn.gov](http://www.murfreesborotn.gov).
